

Put a little PEP in your steps to a new position!

Attention Engineers, Technicians and Project Analysts!

CSR is seeking qualified individuals to participate in a Project Employee Program (PEP).

PEP offers temporary employment to individuals interested in **technical, engineering and analytical** projects. It affords employees freedom to accept or decline projects that can last from two weeks to four months. The program allows CSR to meet limited variable workloads and short suspense deadlines that require specific expertise.

U.S. Citizenship or Naturalization Required.
